Craig Canella - 828-312-0138
Curtis England - 828-228-1991

January 20, 2021

I hope everybody is doing well. Here is a brief update of what is going on at CVRPC:

No club meeting in February –there will **not** be a regular club meeting on Thursday February 4. Please spread the word. With the vaccines going out, maybe restrictions will loosen in the next couple of months and a meeting can be planned. We can only hope.

Work on the Fences – on Sunday Jan. 10 several club members worked on repairing areas of the fence that are damaged. Thank you to all that helped. I think we learned more about how to repair the fence than anything but we did get a lot done. Equipped with more knowledge and better tools, we will be at it again this Sunday Jan. 24 starting at 9:00. Anyone that would like to help, come join the fun. If you cannot make it this Sunday, others days will be 1/31, 2/7 and 2/14. We will be working until 2:00 and **all ranges will be closed until all members of the work party/parties have returned and are accounted for.**

Skeet Money – there are plans to put a box at the Skeet Range for members to put money in for covering their rounds of skeet. This will help in collecting the money from members who just aren't sure where they need to put money or who to pay, and so it is not just left in the clubhouse. A round of skeet is \$3 for members and \$4 for guests.

Upcoming Approved Events – a muzzle loader class will be taught for the Boy Scouts of America on Saturday and Sunday March 20 & 21. This will be from 8-4 on Sat and 1-4 on Sunday. They will be using the club meeting room and Pistol Bay 2.

ATR Training will have a Concealed Carry Handgun class on Saturday February 20 from 8:30 to 6:30. The club meeting room will be used for most of the day as well as Pistol Bay 1 from about 3:00 to 5:00.

Electrical Panels/heaters – just a reminder that the heaters in the rest rooms are set so they will run to keep the water pipes from freezing. There is a mark on the knob and on the front panel of the heater where they have been set. If you turn them up, please reset to the mark.

Breakers in electrical panels in the meeting room and the Indoor .22 Range have all been labeled as to what they are for.

Passing of Members – Wayne Hoke passed away on January 7 and Randy Duncan passed in late December. Wayne Hoke was a member of CVRPC since 1971, I have no record of a date for Randy Duncan. If you know their families, I am sure they would appreciate a kind word or a shared memory of these gentlemen.

I hope everyone stays well. 'See you at the range.

Brian White
Secretary CVRPC
