Old Business:

- The clubhouse bathroom remodel project has been completed and they look great! Thanks go out to Sam Birchfield for working with the contractor to complete this much needed remodel. Please note the heater in the men's restroom is not working properly at this time. However Sam is working with the contractor regarding repair or replacement of the heater. Steps will be taken to ensure no freeze damage occurs until the unit is functional.
- Same Birchfield also advised that Bryan Miller is working on the excavation at the pistol range to remove trees and extend the pistol range parking area.
- A work party is needed to complete the repairs to the 100 yard line roof. Ronny Brown will work with Neill Sipe on getting the necessary material to the club. A work party is scheduled for January 28th beginning at 10:00 AM.
- No additional information was provided regarding the insurance requirements for the 4-H shooters. This is expected to be revisited at the February meeting.

New Business

- Michael Charles advised that he is working with the local BSA troop (ages 14-21) and is looking to start-up a shooting team for these young men. Michael was advised to put together a program/proposal for the club to review and bring it to the February meeting. Thanks for working with the youth of our community Michael.
- The CVRPC sign at the property entrance has been damaged by vandals. A discussion followed in an effort to help pinpoint the time and date of the incident. Sam Birchfield will review the CCTV data for possible additional information.
- A listing of work projects needed around the range has been placed in the clubhouse. If you can assist with any of these please discuss with Sam Birchfield.

The meeting was adjourned at 8:04 PM.
